Software Developer

*ustunibrahim32@gmail.com | linkedin.com/in/ustunibrahim*  
+905102238313

I'm a passionate Software Developer with experience in Unity, Front-End (HTML, CSS, JavaScript), and application design. I'm skilled in Java and C#, and I love solving problems and creating innovative, user-friendly software.

## **Education**

### **Burdur Mehmet Akif Ersoy University**

Aug 2015 - Jun 2021

Bachelor's Degree Computer Engineering

## **Projects**

### **Ibu**

Dec 2024 - Present

Developed a 2D platform game using Unity, free assets from Unity Asset Store, and C#. Ongoing development to enhance gameplay and features.

### **Frog Feeder**

Nov 2024 - Nov 2024

Developed an entertaining game called Frog Feeder using Unity and C#, focusing on engaging gameplay and fun mechanics.

### **itimatDepoWS**

Sep 2024 - Jan 2025

itimatDepoWS is a backend application developed using MySQL, Java, Spring, and Tomcat. It serves as the backend for the SkyUp warehouse tracking application, providing efficient data management and supporting the overall performance of the system.

### **SkyUp**

Sep 2024 - Jan 2025

SkyUp is the frontend of the itimatDepoWS backend application, developed using Vue.js. and bootstrap. It is a warehouse tracking application that aims to enhance the application's performance with a user-friendly interface and efficient data management.

### **Mister Karpuz**

Aug 2021 - Aug 2021

Mister Karpuz is a 2D game prototype consisting of three levels, developed using C# and Unity. The game features engaging gameplay mechanics and demonstrates my ability to design and develop interactive experiences using these technologies.

### **USTUN**

Jul 2021 - Aug 2021

USTUN is an e-commerce website developed using JavaScript, HTML, CSS, PHP, and MS SQL, focusing on creating a user-friendly online shopping experience.

### **Hesapustun**

May 2021 - Jun 2021

Hesapustun is a mobile calculator application developed using Unity and C#, designed for Android. It provides an efficient and user-friendly interface for performing various mathematical calculations.
